Subject: Irregularities concerning the
determination of the loads in
connection with the brakeage

The Railroad Direction of Ljubljana has ordered,

[redacted] the following:

50X1-HUM

Due to the irregularities concerning the determination of the loads in connection with the brakeage it is ordered that every direct train departing from Ljubljana or Zalog shall be composed so that its brakeage shall also correspond to the sector Postojna - Selana, according to the brakeage percentage provided for electric traction. If this is not possible because of the lack of brakes, the departing station has to inform the station of Postojna about the fact; the information shall be sent by special (separate) message. In turn, the station of Postojna has to inform about any such case the dispatcher of the Railroad Direction of Ljubljana.

Beside the territory of the Railroad Direction of Ljubljana, the above order shall also be applied on the territory of the Railroad Direction of Sent Peter na Krasi.
